HPC Tutor operates under an open governance model to ensure transparent decision-making and sustainable growth. This document outlines the roles, responsibilities, and processes for project leadership and contributions.

_____

Steering Committee (SC)

Current Roster

• Sanjay Wandhekar (Chair)

• Ashish Ranjan

• Sucheta Pawar

• Vardhman Parakh

Role

The Steering Committee (SC) oversees strategic direction, administrative operations, and high-level decision-making, including:

• Managing organizational settings (e.g., repository permissions, branch protections).

• Approving changes to governance policies.

• Resolving disputes escalated by the Core Team.

Decision Process

• All decisions are documented in [MEETING_NOTES/DOCS_LINK].

Core Team (CT)

Current Roster

• Sucheta Pawar

• Vardhman Parakh

• Ashwini Wable

• Aishwarya Bhagwat

• Tushar Patle

Role

The Core Team (CT) drives technical execution and day-to-day operations, including:

• Merging pull requests (requires approval from at least one other CT member).

• Leading technical discussions and RFCs (Request for Comments).

• Moderating contributions (e.g., labelling issues, reviewing PRs).

• Proposing governance changes to the SC.

_____

Contributors

Role

Contributors are trusted community members who actively:

- Submit code, documentation, or tutorials.

- Triage issues/PRs (labelling, reviewing).

- Participate in discussions.
